HOW TO USE THIS LIBRARY

Your 105-Prompt Master Reference

1 Find Your Use Case	Browse the 7 categories in the Table of Contents. Each category has 15 prompts covering every major task in that area.
2 Copy the Prompt	Copy the full prompt text from the dark code block. Every prompt is complete and ready to use.
3 Customize the Brackets	Replace all [BRACKET TEXT] with your specific information. The gold brackets show exactly what to customize.
4 Paste into Claude	Open Claude.ai and paste your customized prompt. For best results, add any relevant context before the prompt.
5 Iterate & Improve	Use the output as a starting point. Ask Claude to revise, expand, or adjust any section.

PRO TIPS

Chain Prompts Run multiple prompts in sequence — each output feeds the next.	Add Context First Tell Claude who you are and your goal before the prompt.	Request Iterations After the first output, ask 'Give me 3 more variations'.	Save Your Best When you get great output, save the exact prompt you used.
